Christmas In July CD Treasure Hunt

Saturday July 18, 2009

Pay attention to details!

So you think you can follow directions, and drive, and find things along the way? Well, then, this run is for you! But be warned, you MUST have a navigator, or you won't be allowed to play. If you can't get a navigator, we need to know, so we can pair you up with another for the run. There will be route instructions, LOTS of things to see and do, and you just can't do it all by yourself! Also, please bring a note pad, pen or pencil, and a clip board. You will need to take notes and this will make it easier.

Some known roads, some new roads, fast, slow, curvy, straight..... And a social gathering at the end with food and drink.

This is Christmas in July because we are meeting up at Sleighbells in Sherwood. It is a wondrous place to visit and wander thru every room. There will be plenty of time to see all the Christmas goodies, as well as the other featured holiday gifts and collections. You don't want to miss it! You can also Peruse their website to view their well stocked establishment at: www.sleighbells.biz.
